ULTRA LIGHT CATAMARAN

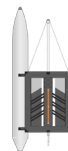

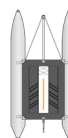

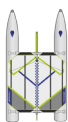

THE ULTRALIGHT PORTABLE CATAMARAN

MINICAT THE PERFECT FAMILY SAILING BOAT

MINICAT NUMBER 1 WORLDWIDE

MINICAT GUPPY

The MiniCat Guppy is all about the ease and speed of assembly. Because of the unique design of its floaters which are already attached to the frame, it takes only 15 minutes to set it up. The **Guppy** is also exceptionally light (only 29 kg) and easy to manoeuvre, especially for children.

MINICAT 310

The MiniCat 310 has been designed for solo sailors who are keen on speed and high performance or for a small family which needs a compact and safe catamaran.

There are two versions: The **310** with jib and roll-up system and the simpler **310 Super** which is delivered without a jib roll-up system.

MINICAT 420

The MiniCat 420 is available in 3 versions – the **420 Instinct**, the **Emotion**, and the **Evoque**. The **420 Instinct** is the perfect family boat that stands out with its exceptional stability and simplicity. The **420 Emotion** offers you a real sports experience but will also surprise you with its versatility. The **420 Evoque** is fabricated in a unique style with high-tech materials.

MINICAT 460

The MiniCat 460 is for those who are looking for maximum performance, speed and excitement. The **460 Esprit** is produced using the latest materials and technologies, is ultralight, and offers an exceptional sailing experience. This model can be supplemented with a spinnaker sail and a snuffer.

MINICAT ASSEMBLED IN 10-30 MIN.
